JULY/AUGUST 1974 REVIEW

This application requests \$131,335 for support of one new project "Services in Hereditary Disease" for the period 9/74 to 6/75.

There is no request for additional funding of program staff, etc., as those costs were covered by the May 1 application for which 661,187 was awarded.

A letter of CHP endorsement of the proposed project is included in this application.

There are no projects of concern to PSRO, Kidney, Arthritis, EMS, or HRP interests.

JULY COMMITTEE RECOMMENDATION

Critique:

MAY/JUNE 1974 REVIEWRequest: \$695,862Committee Recommendation: \$695,862Overall assessment by individual reviewers: Above average

Critique: Previous concerns of reviewers had brought future funding of this program into serious question. A site visit was conducted in January 1974 to deal with the previous concerns in anticipation of this application. The primary reviewer, having participated in the January site visit, expressed complete satisfaction with the findings and indicated that previous concerns stemmed more from problems of communication than from programmatic inadequacies. On the strength of the site visit experience plus his review of this application, he recommended funding in the full amount requested. This recommendation was concurred in by the secondary reviewer and unanimously adopted by Panel B.

JULY/AUGUST REVIEWEstimated request as of May 1974: \$300,000
